Influencer Poll: Likelihood to Recommend & Support

Likelihood to Recommend and Support Military Service

- Influencers tend to be more likely to support a youth's decision to join the Military than to actively recommend that a youth join the Military.

Likelihood to Recommend and Support Military Service

Note: Significance testing was not conducted between the quarterly and yearly data points.

Source: DoD Influencer Poll

□ = Significant change from previous period

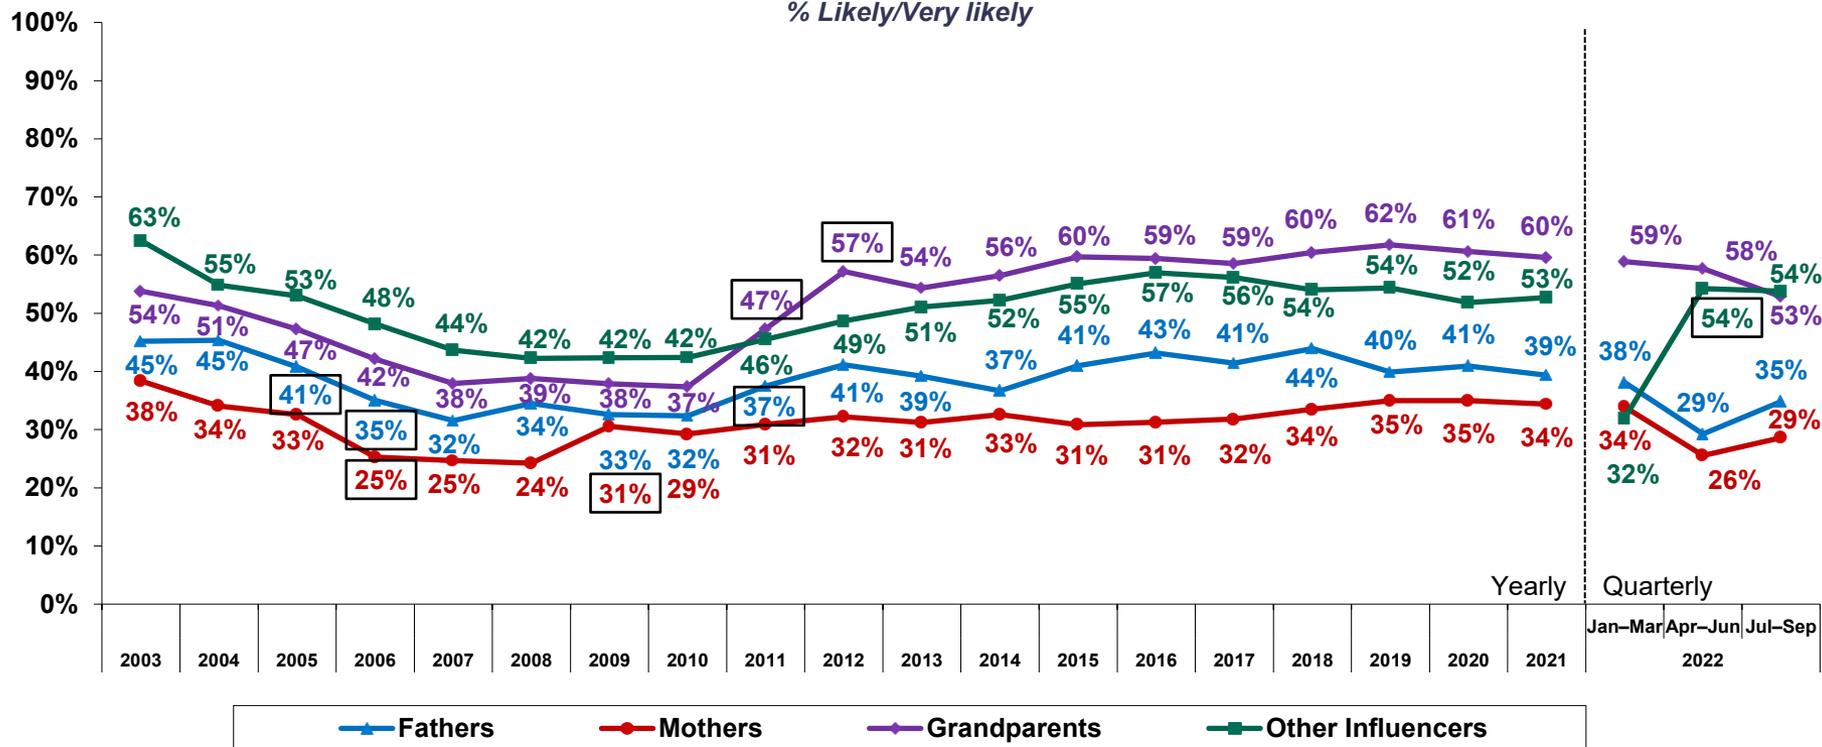

Questions: q1_agg: "Suppose [youth] asked for your advice about various post-high school options. How likely is it that you would recommend joining a Military Service such as the Army, Navy, Marine Corps, Air Force, Coast Guard, or Space Force?" q2ff: "If [youth] told me he or she was planning to join the Military, I would support his or her decision."

Likelihood to Recommend the Military

By Influencer Group

- Among each Influencer group, likelihood to recommend the Military remained relatively stable this quarter.

Likelihood to Recommend Military Service
% Likely/Very likely

Note: Significance testing was not conducted between the quarterly and yearly data points.

☐ = Significant change from previous period

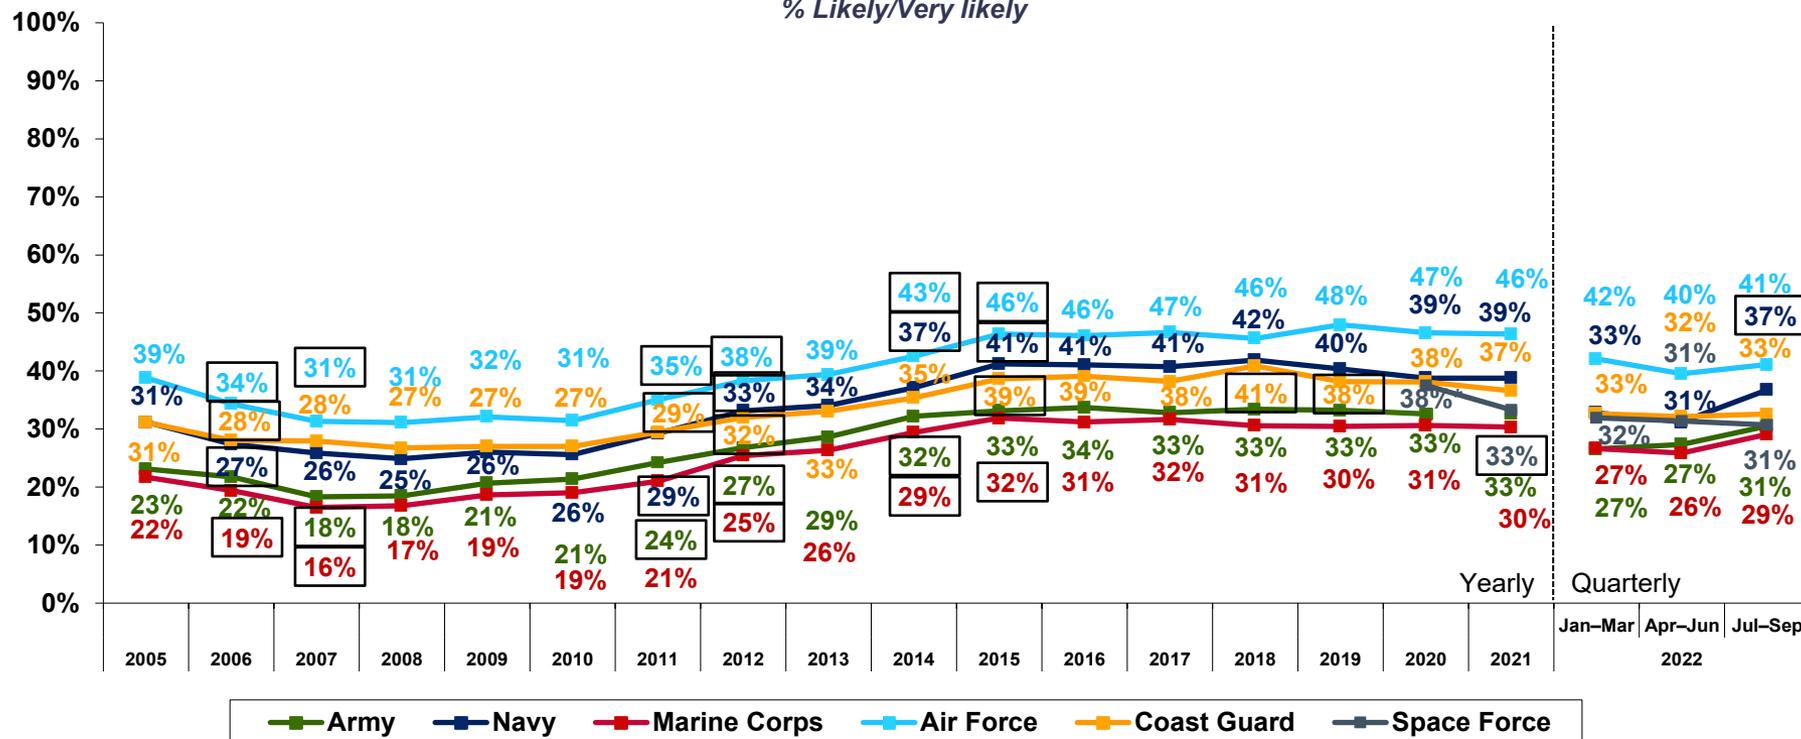

Question: q1_agg: "Suppose [youth] asked for your advice about various post-high school options. How likely is it that you would recommend joining a Military Service such as the Army, Navy, Marine Corps, Air Force, Coast Guard, or Space Force?"

Likelihood to Recommend Active Duty Service

By Service

- Trends in Influencers' likelihood to recommend each Service have stayed relatively stable since 2016.
- This quarter, there was an increase in Influencers' likelihood to recommend service in the Navy compared to in April–June 2022.

Likelihood to Recommend Active Duty Service
% Likely/Very likely

Note: Significance testing was not conducted between the quarterly and yearly data points. *Space Force 2020 data only include July–December 2020.

Source: DoD Influencer Poll

☐ = Significant change from previous period

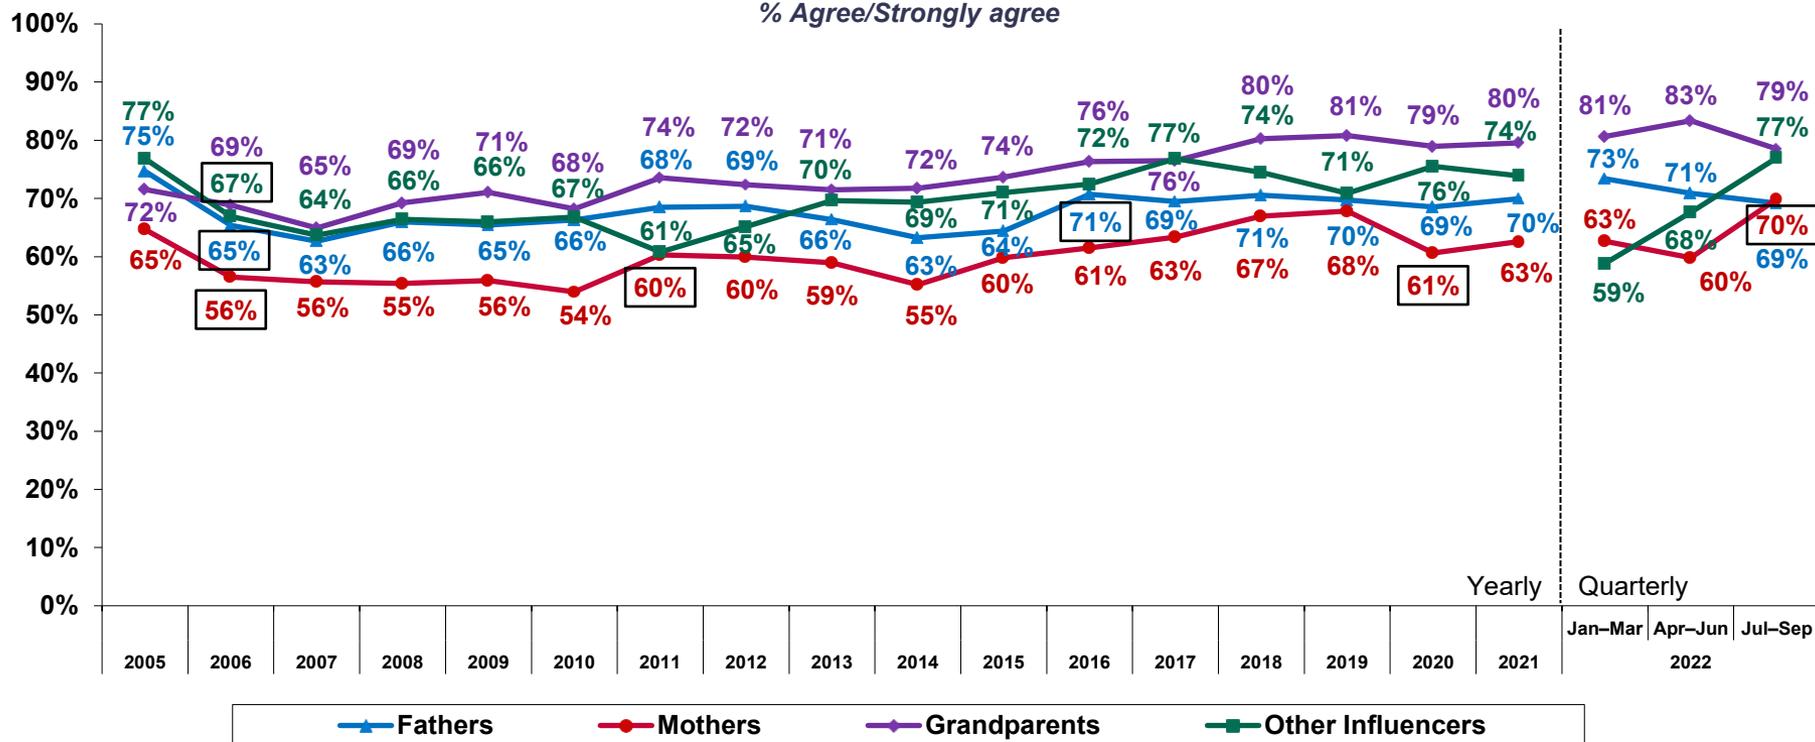

Question: q2: "Now, we would like your opinion about recommending service in the individual branches of the U.S. Military. How likely is it that you would recommend serving to [youth]? Would you say very likely, likely, unlikely, or very unlikely?"

Likelihood to Support the Decision to Join the Military

By Influencer Group

- Likelihood to support a youth's decision to join the Military has remained relatively stable over time among each Influencer group.
- In July–September 2022, there was an increase in Mothers' likelihood to support youth joining the Military compared to in April–June 2022.

Likelihood to Support the Decision to Join the Military
% Agree/Strongly agree

Note: Significance testing was not conducted between the quarterly and yearly data points.

Source: DoD Influencer Poll

☐ = Significant change from previous period

Question: q2ff: "If [youth] told me he or she was planning to join the Military, I would support his or her decision."

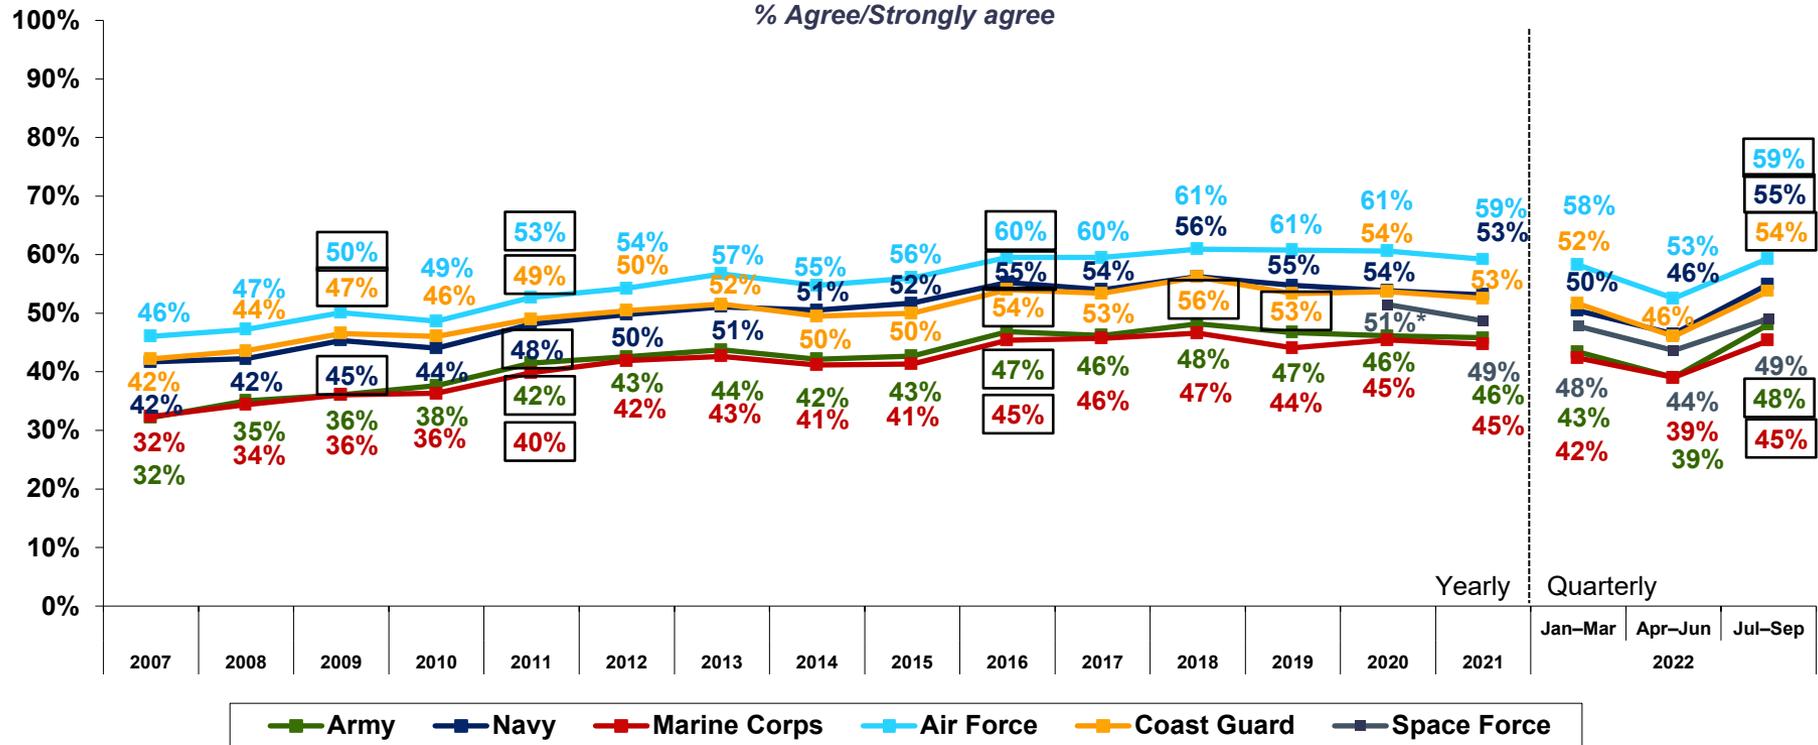

Likelihood to Support Active Duty Service

By Service

- Influencers' likelihood to support a youth's decision to serve in the individual Services has increased since tracking began in 2007.
- After a slight decrease in April–June 2022, Influencers' likelihood to support youth joining most of the Military Services increased in July–September 2022.

Likelihood to Support Active Duty Service

% Agree/Strongly agree

Note: Significance testing was not conducted between the quarterly and yearly data points. *Space Force 2020 data only include July–December 2020.

☐ = Significant change from previous period

Question: q2gg: "Now, we would like your opinion about supporting service in the individual branches of the U.S. Military. If [youth] told you he or she was planning to join, how likely is it that you would support his or her decision to serve in each of the following?"

Backup

Study Background and Objective

The Military Ad Tracking Study provides metrics on awareness of and attitudes toward the Military Services' advertising campaigns. The Influencer Update focuses on advertising and recruiting strategies that allow the Services to connect with adults and prevent them from creating obstacles for youth interested in military service.

Timeline: July–September 2022

Interview Method: Probability-based online panel (nationally representative)

Target Audience: Influencers of youth ages 12–21. In Wave 78: 230 Fathers, 226 Mothers, 200 Grandparents, 207 Other Influencers.

Weighting: The data are weighted to represent the U.S. population in terms of sex, age, race, ethnicity, education, census region, and metropolitan area.
